JUBILEE CELEBRATION

This afternoon, we held our celebratory Jubilee picnic on the playground. The children were able to sit outside to eat their specially-created lunches (a huge thank you to our hard-working kitchen staff for these) and then were treated to an ice-cream or lolly to mark the special occasion. The weather was kind and we're certain everyone had a great time!

WINNS WEEKLY 27.5.2022

QUAD KIDS ATHLETICS EVENT

A group of our year 5 & 6 children visited The Feel Good Centre today to compete in the borough Quad Kids athletics event. Each competitor takes part in a combination of running, throwing and jumping events to earn a combined score as a team. This year, a whopping 808 children are taking part from across Waltham Forest over the three days of competition. The children acquitted themselves brilliantly, demonstrating their all-round aptitude and ability. We now await the results of the second and third days of competition to find out our overall placing.

HALF TERM COVID CLINICS

A first or second dose Covid-19 vaccination is now available to everyone aged 5 or over. In the upcoming half-term break, vaccination clinics in Waltham Forest will increase access for children and young people to get their first or second vaccine doses. You can check days, times and ages for each clinic here: <https://bit.ly/3wTdPpm> Simply turn up to any of the clinics on the day or secure a slot on the Waltham Forest website. Young people under 16 must be accompanied by a parent or guardian.

While Covid-19 is not usually a serious illness in children, it can make some children very unwell. Vaccinating your child will reduce their risk of catching Covid-19, and will reduce the chance that they will pass it on to others, including at school and at home. Millions of children around the world have had a Covid-19 vaccine already and evidence shows that it is very effective for children aged 5 and over. All the Covid-19 vaccines used in the UK have met strict standards of safety, quality and effectiveness for children and young people. Getting vaccinated remains the best way of protecting your child against the effects of Covid-19, including helping to avoid them missing time at school. If your child has previously tested positive for Covid-19, they can still have the vaccine, however they will need to wait 12 weeks from this date to have the vaccine.

The Winns Community **FESTIVAL**

Saturday 2 July, 12.00-15.00
