

The Winns Primary School

Board Diversity Data

Report Date: 04/05/2023

A note on this report: The Department for Education encourages schools to collect and publish governing board members' diversity data.

The data for this anonymised report was provided on the basis of consent and was accurate at the time of downloading (see date above).

This report only contains data from board members who are allocated to the board's constitution.

The report will only generate the minimum threshold of members have filled in their personal information for a given characteristic e.g. gender, sexual orientation, religion, etc
