Meet The Planets

Whatever Next

We've reveled in the wonders of Space! Our imaginations soared on a celestial journey to the moon as we immersed ourselves in the enchanting tale of 'Whatever Next!' We unearthed some of the secrets of the eight planets in our solar system. We crafted moon cakes, explored illuminating non-fiction books, and engaged in a whirlwind of delightful art and craft activities. Outdoors, we made huge space stations and rockets with our friends.

Our writing and drawing skills flourished as we penned a letter to Santa. Following this, we embarked on an exhilarating local stroll to the postbox, where we made our special delivery.

Rosie's Walk

NURSERY NEWS ISSUE 3

It's been a busy time in Nursery. We loved performing our Christmas Concert; it was amazing to have such a big audience! We have been joyfully retelling the tale of "We're Going on a Bear Hunt," immersing ourselves in swirling, whirling snowstorms and discovering a bear hibernating within a narrow cave. By exploring "Rosie's Walk," we learned the magic of positional words. In our garden, we recreated a farm using large constructions, crates, and tables, crafting ponds, fences, and beehives that beckoned us to go over, around, past, and through. We have exploring shape and making patterns too. Our artistic skills developed with pictures and collages from our stories. We transformed our home area into a sandwich shop and served a range a delicious sandwiches to our friends and even had a go at making sandwiches with pictures and coloured tissue paper.
