Books and Words

Amazing Aeroplanes
Dinosaur Zoom
Chicken Little
Pirates Love Underpants
Big Book Of Magical Mix Ups

We've had a wonderful and busy few weeks in nursery! It has been such a joy watching our tadpoles grow and transform. The children were very excited to release our tadpoles and froglets into the pond at Lloyd Park—do keep an eye out for them on your next visit! After half term, we jumped straight into a week full of creativity and imagination, including some very exciting potion making. We also enjoyed exploring rhyming words through stories, especially Chicken Licken—feel free to test us with rhymes at bedtime! As part of our whole-school creative theme, we took part in a fantastic musical workshop, which the children absolutely loved. We're already looking forward to our upcoming drumming workshop. At the summer fair you can see our art displayed too. Our topic has now moved on to transport, where we've been learning about pirates, boats, and different types of land and air transport. The children's drawings have been truly wonderful! We also had a special visit from Lucy, who shared her experiences of living on a canal boat as a child—such an interesting talk. With the warmer weather, we've made the most of lots of water play to help keep cool and have fun together.

Reminders and Info

Please remember sunhats and suitable clothes for sunny days. Teach your child how to apply their sun lotion, being careful next to eyes. Sharpie pens do not work on suncream bottles as the name eventually rubs off. Clothing stickers work well.

Sometimes Nursery toys will accidentally end up in pockets and come home. We understand this and appreciate any toys that come back!

Singing Concert for all children is Wednesday 8th July after drop off in Yellow Hall.

Grow Wild trip is Wednesday morning 1st July for all children.

Updates and News

Coming up: Holidays and going on a trip.
Please send in photos of trips to tapestry.
Details on a separate email.

Class Photos Monday 6th July for all children.
